SANITIZING PEWS/SEATING AREAS UPDATE FROM THE ARCHDIOCESE

"If a pew will not be used within an hour of the last occupancy, there should be no need to disinfect, though periodic regular cleaning should still continue. Where the pew is scheduled to be used within an hour of last occupancy, disinfection should consist of running a disinfectant-laden cloth along the tops and sides of each pew. This approach is likely to sufficient to combat pathogens, and as more research is done, such requirement may be eventually be dispensed with."
